

CONSTRUCTION SOLUTIONS LTD

ENVIRONMENTAL POLICY

POLICY STATEMENT

The company is conscious of its responsibility for the protection and improvement of the environment, and is committed to minimising environmental impact throughout its sphere of activities.

It is the aim of Construction Solutions Ltd (CSL) to carry out its operations, according to the procedures given therein, to promote good environmental practice, whilst as a minimum, complying with all relevant environmental law and statutory provisions. CSL will adopt its own environmental standards should current law and standards not afford adequate protection.

Management and supervisory staff are responsible for the implementation of this policy throughout the company, ensuring environmental protection is given priority at all stages of operations.

All employees and sub-contractors are expected to co-operate with the company in fulfilling its responsibilities, and their contributions are increased through awareness training and implementation of operational procedures.

Construction Solutions Ltd will ensure that sufficient facilities, information, instructions, training and supervision are provided as is necessary to minimise environmental impact and promote sustainability.

Mr S Kelly is the executive of CSL having particular responsibility for environmental procedures and he will report to the managing director on such matters. Reference should be made to Mr Kelly in the event of any difficulty arising in the implementation of this policy.

The environmental policy will be displayed prominently at each site and work place.

This policy and associated procedures will be formally reviewed annually within the overall management review system though on exception changes may be implemented at other times as required by legislative change.
